

## WE ARE A FULL SERVICE DIGITAL PRINTING COMPANY

... based in Mainz, specialising in every kind of music printing. We print, bind, package and distribute your music books – in under 24 hours if necessary.

## HALSTAN DE IS YOUR PREMIUM PRINT PARTNER

... for printing scores, piano reductions, study scores, parts and sheet music in all formats.

## THROUGH OUR YEARS OF EXPERIENCE

... of music printing we know exactly what is required to print your publication to the high standard you require. We manage jobs from the print runs of just one copy up to large volume print runs produced on our litho presses.

## DIGITAL PRINTING

### POD

Reduce your stock costs and print only when your customer places the order. Our POD service is already producing more than 1,500 single copy borders every month. If your print files are linked to our database we can print and dispatch orders in under 24 hours. We share this database with our new sister company, Halstan US, based in New York. You can now dispatch directly to your customers in the USA without the cost of shipping from Europe.

### HIRE MATERIAL

With us, the production of hire material is in the best hands and in this regard we are a trusted partner to many hire libraries. It doesn't matter if the size is A4 or A2, landscape or portrait, spiral binding or library binding with cold glue – our specialists know their business.

### SCANNING

With our advanced document scanners, we can scan your entire analogue catalogue of music pages regardless of whether these are on paper or on film.
